Choose the Best Health Plan for You and Your Family

- Determine if you are eligible for Medicare (see the other side for more information).
- Where you live determines which plan(s) you may enroll in. See the map below to see which Medicare retiree/survivor health plans are available in your area.
- See your GIC Benefit Decision Guide for additional eligibility details, benefit information, rates, and factors to consider when choosing a health plan.

- Contact the health plans you are considering to find out:
 - Information on other health plan benefits that are not described in this brochure; and
 - Whether your doctors and hospitals are in the HMO network, if considering an HMO plan.
- See the GIC's website (www.mass.gov/gic) for additional information.

Keep in mind that even if your doctor or hospital leaves your Medicare HMO's network during the year, you *must* stay in the plan until the next annual enrollment. In the meantime, your health plan will help you find another provider.

The Harvard Pilgrim Medicare Enhance Plan is available throughout the United States. The UniCare State Indemnity Plan/Medicare Extension is available throughout the United States and outside of the country.

* Not every city and town is covered in this county or state; contact the plan to find out if you live in the service area. The plan also has a limited network in this county or state; contact the plan to find out which doctors and hospitals participate in the plan.

Medicare Guidelines

Medicare is a federal health insurance program for retirees age 65 or older and certain disabled people. Medicare Part A covers inpatient hospital care, some skilled nursing facility care and hospice care. Medicare Part B covers physician care, diagnostic x-rays and lab tests, and durable medical equipment. Medicare Part D is a federal prescription drug program.

When you or your spouse is age 65 or over, or if you or your spouse is disabled, visit your local Social Security Administration office to find out if you are eligible for free Medicare Part A coverage.

If you (the insured) continue working after age 65, you and/or your GIC-covered spouse should NOT enroll in Medicare Part B until you (the insured) retire.

When you (the insured) retire:

- If you and/or your spouse are eligible for free Part A coverage, state law requires that you and/or your spouse enroll in Medicare Part A and Part B in order to be covered by the GIC.
- You must join a Medicare plan sponsored by the GIC to continue health coverage. These plans provide comprehensive coverage for some services that Medicare does not cover. If both you and your spouse are Medicare eligible, both of you must enroll in the same Medicare plan.
- You must continue to pay your Medicare Part B
 premium. Failure to pay this premium will result in the
 loss of your GIC coverage.

Retiree and Spouse Coverage if Under and Over Age 65

If you (the retiree), your spouse or other covered dependent is younger than age 65, the person or people under age 65 will continue to be covered under a Non-Medicare plan until you and/or he/she becomes eligible for Medicare.

If this is the case, you must enroll in one of the pairs of plans listed below:
